

Pumpkin and Potato Therapy Activity

Use a ruler, pumpkin, potato, pencil, and container of water to do this activity.

Measuring:

How tall is the pumpkin? _____ inches

How wide is the pumpkin? _____ inches

A potato is how tall? _____ inches

A potato is how long? _____ inches

Buoyancy:

What floats when placed in the water?

What sinks when placed in water?

Describe what you saw happen to the potato and pumpkin.
