

Thanks for being part of the Brilliant Therapy team!

We are striving to make more tools available to you each and every day. I know that you want to help others as well, please remember that we cannot sustain this site if you share materials with others that are not members. Of course, we intend for you to print out things for your use, but we urge you to encourage others to join rather than ignore the copyrighted materials on this site.

PLEASE DO NOT COPY OR REDISTRIBUTE BRILLIANT THERAPY PRINTABLES TO ANYONE. THIS HURTS US ALL. PLEASE DO NOT SEND IT TO OTHERS TO UPLOAD OR SHARE ON OTHER WEBSITES TO DOWNLOAD.

We are not perfect, and I know that you will find errors, but we hope that you will see that we really want to help make therapy better for everyone. This is a fluid site that is constantly changing and getting better to serve you so errors eventually get remedied.

Thank you for working with us to make therapy better and more available to others who need it.

Objectives for this tool:

To improve the ability of the client to listen to sentences and the repeat them without changing the meaning or content.

Instructions: Print and cut out the cards using card stock paper. Use dice to see how many cards a client needs to hear you read. You may draw that number of cards and tell the client,

“I am going to read you the sentence, and then you can repeat it back to me. Listen carefully.”

For each sentence that is correctly repeated back the client can place a mark or color on the starry night sheet. If you want a more sensory rich experience, you can place several pretzels or pop corn kernels in a row on the table in front of your client. Each time they say the sentence correctly, they can munch on one of the pretzels or kernels until they are all gone.

Don't forget to sometimes switch rolls with them and let them read you a sentence and you repeat it back. This is a wonderful activity/game and I hope we hope it brings you great therapy fun!

SPEECH ARTICULATION: 100 TIMES

Directions: Color or cover a star each time you say a word with your best speech!
